3. COMMERCIAL PRESENTATION

Gutted whole Octopus placed in sanitized individual trays and shrink-wrapped with food grade plastic*. Individually labeled and weighed by tray and by box. Product presented frozen and individually packed (IQF/IWP – Individual Quick Freezing/Individually Wrapped Pack). **Minimum Sales Unit: Box (Master Carton Box).**

4. RECYCLING AND ENVIRONMENTAL MANAGEMENT INFORMATION

The box is made of corrugated cardboard (PAP 20) with 100% recycled and 100% recyclable material.
The individual tray is made of polyethylene (PET 1), with 100% recycled and 100% recyclable material.
The shrink film is made from perforated polyolefin (FRL), contains no recycled material and is 100% recyclable.

5. ADDITIONAL INFORMATION

This product is a processed fishery product. Our products are mainly intended for professionals of the HORECA channel.

* The technical specifications of the product packaging materials are available upon request. The results of random analytical microbiological and physicochemical product sampling will be available upon request. If you need a specific analysis for your order, please inform us well in advance. Batches of each reference product are composed of the same specie (Octopus vulgaris) that come or may come from different fishing areas and/or fishing gears, as stipulated in Article 35.5 of the EU Regulation 1379/2013. For more information on each specific batch contact us by **calidad@moyseafood.com**.
